

## **TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations**

**NOTICE IS HEREBY GIVEN** that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 1580, 1581, 1583 and 1907 of the Fish and Game Code and to implement, interpret or make specific sections 1526, 1528, 1530, 1580-1585, 1590 and 1591 of said Code, proposes to amend Section 630, Title 14, California Code of Regulations, relating to Ballona Wetlands Ecological Reserve.

### **Informative Digest/Policy Statement Overview**

Currently, there are 132 ecological reserves designated in Section 630, Title 14, CCR, for the purpose of protecting sensitive habitats and species. The department is requesting that this section be amended to add one new ecological reserve, Ballona Wetlands, to this listing.

Ballona Wetlands consisting of 553 acres in Los Angeles County is proposed for designation as an ecological reserve for the protection and enhancement of coastal salt marsh and freshwater marsh habitats, and associated species, including the state listed endangered Belding's savannah sparrow. The area is also an important wildlife movement corridor to other public lands in the vicinity of the wetlands.

The reasons for listing this property in Title 14 are to regulate public use and provide the best available protection for the species and habitats the property was acquired to protect. Since the property contains sensitive species, including a state listed endangered species, sensitive vegetation communities and acts as a linkage for other important protected lands, it is necessary and appropriate to provide this level of regulatory protection to prevent improper use and degradation of wildlife resources. In order to do this efficiently, the department has a set of general regulations which apply to all ecological reserves.

The department may also write special regulations for individual properties, as it thinks appropriate, to give an additional level of protection, or to permit specific public uses not governed by the general regulations. The department is requesting special regulations for this reserve based on management information gathered which shows these amendments are necessary to protect the habitat or species the property supports.

Three special regulations will protect sensitive species and habitats of Ballona Wetlands by allowing pedestrian use only on designated trails; bicycle use only on a designated bike path on the north side of the Ballona Creek flood channel; and boating only within the Ballona Creek flood channel. One special regulation will allow fishing only with barbless hooks from shore in designated areas along the Ballona Creek flood channel or from a boat within the Ballona Creek flood channel for the protection of sensitive species and habitats and to minimize mortality of fish and aquatic species caught by anglers and returned to Ballona Creek. Two additional special regulations will allow licensed recreational use of a portion of an area of the proposed reserve known as Area C, and leased parking use under existing agreements, unless it is determined that other uses are more appropriate for these areas. Because these licensed recreational and parking uses are not normally allowed on ecological reserves, these two special regulations are necessary when the department has determined these activities are appropriate and will cause no impacts to protected species and habitats.

**NOTICE IS ALSO GIVEN** that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Board of Supervisors Chambers, 1050 Monterey Street, 2nd floor, San Luis Obispo, California on Friday, August 19, 2005, at 8:30 a.m., or as soon thereafter as the matter may be heard. It is requested, but not required, that written comments be submitted on or before August 10, 2005 at the address given below, or by fax at (916) 653-5040, or by e-mail to FGC@dfg.ca.gov, but must be received no later than August 19, 2005, at the hearing in San Luis Obispo, CA. All written comments must include the true name and mailing address of the commentor.

The regulations as proposed in strikeout-underline format, as well as an initial statement of reasons, including environmental considerations and all information upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Robert R. Treanor, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above mentioned documents and inquiries concerning the regulatory process to Jon Fischer or Jon Snellstrom at the preceding address or phone number. **Kari Lewis, Lands and Facilities Branch, Department of Fish and Game, phone (916) 445-3789, has been designated to respond to questions on the substance of the proposed regulations.** Copies of the Initial Statement of Reasons, including the regulatory language, may be obtained from the address above. Notice of the proposed action shall be posted on the Fish and Game Commission website at <http://www.fgc.ca.gov>.

#### Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

#### Impact of Regulatory Action

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The proposed regulatory action adds one ecological reserve to Title 14 with special regulations. The proposed regulatory action is proposed to provide maximum protection of wildlife and habitat and to manage appropriate public use. It is not expected to negatively affect businesses, because the regulations are

enforced only on the specific property named.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California:

None

- (c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None

- (e) Nondiscretionary Costs/Savings to Local Agencies:

None

- (f) Programs mandated on Local Agencies or School Districts:

None

- (g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4:

None

- (h) Effect on Housing Costs:

None

#### Effect on Small Business

It has been determined that the adoption of these regulations may affect small business.

### Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

FISH AND GAME COMMISSION

Dated: May 20, 2005

Robert R. Treanor  
Executive Director
